SPECIAL SMALL BOX, ONLY NEEDED FOR EVENT 6:

EVENT CARDS

EVENT 1: TRUCK PAYLOAD CHANGE

The IP Moving Company ran into some trouble. Four hundred miles into the trip, the first two trucks needed to reduce their payload. Both trucks will only be able to carry 1 box. The trucks will pull over and wait for resolution. Fortunately, there are as many trucks as they need waiting to help out. Make adjustments and reflect.

EVENT 2: TRUCK PAYLOAD CHANGE

The IP Moving Company ran into some trouble. Three hundred miles into the trip, the first three trucks needed to reduce their payload. Both trucks will only be able to carry 1 box. The trucks will pull over and wait for resolution. Fortunately, there are as many trucks as they need waiting to help out. Make adjustments and reflect.

EVENT 3: ROUTE CHANGES

Traffic issues! Two hundred miles into the trip, the first two trucks were re-routed to avoid traffic jams. Truck 1 will need to add an additional 50 miles to avoid the first mess on the road. Truck 2 needed to add an additional 10 miles to avoid the second situation. Make adjustments and reflect.

EVENT 4: ENVELOPES NEVER ARRIVED

You stepped off the plane and went to your Dorm Room to wait for all of your items to arrive. As items arrive, the IP Moving Company drops all your boxes in the Common Room and all the boxes arrived. However, your envelopes are nowhere to be found! You go to the Post Office and learn, since there was no guarantee of delivery, you must assume that the photos are lost. Make adjustments and reflect.

EVENT 5: MISSING ONE BOX

You stepped off the plane and went right to your Dorm Room to wait for all of your items to arrive. As items arrive, the IP Moving Company drops your boxes in the Common Room and all the envelopes in the Bedroom.

EVENT 6: BOX PAYLOAD CHANGE

The Road Engineering Task Force has decided that boxes carrying BATHROOM SUPPLIES will be shrunk in size. Fortunately, there are as many trucks as they need waiting to help out. Make adjustments and reflect.
